About Aqitas Solutions

Aqitas Solutions, is a leading provider of Enterprise Asset Management (EAM) and IoT solutions that optimize asset intensive industries. The Company prides itself on working strategically and collaboratively with the top, globally recognized EAM and IoT platform solution providers to heighten business value and bring bottom-line benefits to their clients.

Based in Atlanta, GA, Aqitas' leadership team and management consultants have nearly one thousand man years of enterprise asset management experience and are early adopters of IoT technology that helps clients leverage their EAM system to improve performance, productivity and service levels across the entire spectrum of their organization. The Company has a long history of delivering faster, smarter, and more agile solutions at a competitive rate helping customers streamline their internal processes and compete more efficiently in an increasingly synergetic world.

Aqitas Solutions is a registered Service Disabled Veteran Owned Small Business (SDVOSB) and proud supporter of Women in Reliability Asset Management (WIRAM).

- ✓ **Founded in 2006 with over 250 Customers**
- ✓ **Consultants average 14 years of experience**
- ✓ **Top 25 Watson IoT Business Partner**
- ✓ **Gold Level IBM Business Partner**
- ✓ **Authorized Maximo Reseller**
- ✓ **Authorized ThingWorx Reseller**

We are proud to be a **Service Disabled Veteran Owned Small Business (SDVOSB)**, but many of our customers actually benefit from this status too. Many companies have **Supplier Diversity Programs**, and working with a SDVOSB like Aqitas Solutions can help you meet diversity program requirements and simplify the procurement process.
